

## Ubiquiti Disaster Recovery Kit

Product Name: Ubiquiti Disaster Recovery Kit

Manufacturer: Ubiquiti Networks

Model Number: UBNT-DR-KIT

### Ubiquiti Disaster Recovery Kit

The Ubiquiti Disaster Recovery Kit provides you with fundamental equipment that will help you to set up a network anywhere where there is an available 3G or 4G / LTE coverage and provide a reliable and stable connection in event of disaster.

Ubiquiti Disaster Recovery Kit includes:

- 1 x Teltonika RUT950 4G LTE WLAN Router
- 1 x Ubiquiti UniFi UAP AC Mesh Access Point
- 1 x Ubiquiti UniFi Cloud Key Controller Gen2 - UCK-G2
- 1 x Ubiquiti PoE-48 PoE Adapter (POE-48-24W-G-KIT)
- 1 x QuWireless QuMax for RUT950/RUT900 Integrated Multi-band LTE Directional Antenna + WiFi Omni Antenna All In One (A950M)

### About what's included:

**Teltonika RUT950 4G LTE WLAN Router**The Teltonika RUT950 is a 4G LTE router designed for professional applications. The RUT950 is highly reliable and secure, delivering high performance, mission-critical cellular communication.

**Ubiquiti UniFi UAP AC Mesh Access Point**The Ubiquiti UniFi UAP AC Mesh Access Point features high-performance, wide-area Wi-Fi with UniFi Mesh Technology. The Ubiquiti UniFi UAP AC Mesh Access Point is also weather resistant, fitting seamlessly into any environment (indoor or outdoor).

**Ubiquiti UniFi Cloud Key Controller Gen2 - UCK-G2**The Ubiquiti UniFi UCK-G2 is a Cloud Key controller that can be quickly connected and configured over Bluetooth using the UniFi mobile application. The integrated front display shows vital system statistics for your UniFi networking hardware.

**Ubiquiti PoE-48 PoE Adapter (POE-48-24W-G-KIT)**The Ubiquiti POE-48-24W-G-KIT is a Power over Ethernet Adapter for use with your Ubiquiti Wireless Networking devices. This unit also supports gigabit.

**QuWireless QuMax for RUT950/RUT900 Integrated Multi-band LTE Directional Antenna + WiFi Omni Antenna All In One (A950M)**The QuWireless A950M offers the most powerful directional LTE antenna of all QuWireless antennas. It is dedicated to connections with long distance to base station. It is designed to have Teltonika RUT950 or RUT900 router installed inside IP67 enclosure. It is the first choice for fixed installations in industrial environment. It has embedded also outdoor Wi-Fi omni antennas.

### Technical Specifications

#### Teltonika RUT950 4G LTE WLAN Router - Technical Specifications

- LTE up to 150 Mbps DL and 50 Mbps UL
- DC-HSPA+ up to 42 Mbps DL and 5.73 Mbps UL
- Multiple LTE FDD bands
- Quadband UMTS and GSM
- IEEE 802.11b/g/n WiFi with 2x2 MIMO up to 300 Mbps
- IEEE 802.3 and IEEE 802.3u standards
- Four Ethernet ports
- Durable aluminum housing
- External antennas
- Dual SIM

## Ubiquiti Disaster Recovery Kit

- Ideal for Indoor/Outdoor environment
- 2.4 GHz Speed\* 300 Mbps
- 2.4 GHz MIMO 2x2
- 5 GHz Speed\* 867 Mbps
- 183 m (600 ft) Range

Ubiquiti UniFi Cloud Key Controller Gen2 - UCK-G2 - Technical Specifications

- 4X more powerful than the original Cloud Key
- Easy Bluetooth setup with UniFi mobile app
- Powered by 802.3af PoE or USB-C
- Built-in battery for automatic safe shutdown
- Front panel display for at-a-glance network details

Ubiquiti PoE-48 PoE Adapter (POE-48-24W-G-KIT) - Technical Specifications

- LAN Activity Indicator: Detects if LAN is connected to device
- Remote Reset Capability: Supports Airmax Bullet, Rocket, Nano, Pico
- Gigabit passthrough

QuWireless QuMax for RUT950/RUT900 Integrated Multi-band LTE Directional Antenna + WiFi Omni Antenna All In One (A950M) - Technical Specifications

- All antennas and router integrated into one enclosure
- Outdoor use - works in any weather condition IP67
- Passive PoE support
- Maximise signal
- Easy to install
- Dual SIM - significantly reduce roaming costs
